## **Complete the Negotiation Survey & Help Shape the Union Contract Proposal**

EVERY MEMBER is encouraged to take part and fill out a Union contract survey for the upcoming negotiations with Triumph Composites Systems. The first survey will focus on health and benefit issues.

Surveys are available from your Union Steward beginning January 20. If are not able to get a survey from your Steward, you can pick up a survey at the Spokane office (4226 E. Mission).

**Completed surveys must be returned by January 31.**

This is your chance to provide input that will shape the issues discussed at the bargaining table. It is critical that we get input from every member to ensure the Union's contract proposal later this spring reflects the issues you have identified.

Get involved, provide us feedback, and let your voice be heard.

The more members who participate, the stronger our Union and the more accurately the Union proposal will reflect membership issues.

**Surveys Available  
Jan. 20 - Jan. 31  
from Union Stewards**
