

LOCAL 86 MEMBER'S Afternoon Workshop

The **Machinists Institute (MI)** in partnership with **IAMAW District 751 Local Lodge 86**, is hosting a 2-Hour Workshop to assist members affected by the Triumph Composite Systems facility closure. With over ten years experience helping dislocated workers gain skills where needed, and connecting candidates with employment, the MI staff is here to assist in any way we can. We invite you to join us at Union Hall for a meet & greet, to hear your concerns and help provide assistance and solutions to facilitate as smooth a transition as possible during this challenging time. We know that you are all highly skilled, experienced professionals, let's maximize on that and catapult you into that new beginning.

Topics for Discuss

Am I job ready
